What is Boosterthon?

Boosterthon is our school's biggest fundraiser of the year! Students collect pledges for completing laps on our Fun Run day, 10/17. The week before is full of fun, hyping students up for the run, winning prizes and daily character building lessons. Students really look forward to this!

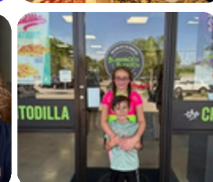

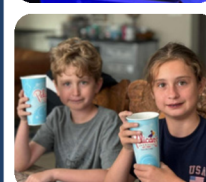

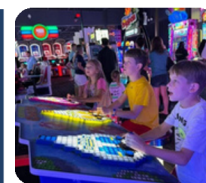

Our Goal is to Raise \$125,000!

Our school depends on these funds for technology, school improvements, and curriculum enrichment. Your support allows our school to stay innovative, unique, and fun—always growing and improving for our students.

SUMMER NIGHTS RECAP

This summer marked our third year hosting Summer Nights, an extension of our popular Spirit Nights during the school year. Together, we raised \$720.49 to support student incentives. Thank you to everyone who participated and helped make the event a success.

MEET OUR PRINCIPAL:

Mr. Brown has been with the Oasis system for 21 years, joining OEN in 2013 as Assistant Principal and becoming Principal in 2017. We're lucky to have his leadership and dedication.

SCHOOL IMPROVEMENTS

The new turf transformed our field into a space where students can play year-round.

We added an outdoor classroom with a butterfly garden and shaded seating area for students to enjoy.

Garden beds were installed in the outdoor classroom, giving students the chance to plant and care for them throughout the school year.

Kindergarten/1st grade now has a new playground with new turf and a shade overhead. This was not a PTO project, but long awaited, so we are excited to share!
