

ParentSquare is our new parent messaging and communication system for the upcoming school year. You can login at www.parentsquare.com/signin, or download the app and sign in. Use the email address or cell phone number of the first contact listed in Focus to create an account. We use this as our primary means of parent communication, so make sure your app and contact information are up to date (cell phone number and current email).

Any questions about updating information, or logging in, please email Emely Torres at Emely.Torres@capecharterschools.org
